Law as a Career in Modern Times!

“Everyone is a genius. But if you judge a fish by its ability to climb a tree, it will live its whole life believing it is stupid” ~ Albert Einstein

This famous quote summarizes the dilemma faced by many of us. At this crucial juncture, where you need to make a choice regarding the career you would like to pursue, you may be full of doubts regarding which stream you should choose, the best colleges to vie for, entrance exams, areas of preparation, and the kind of jobs available. Of course, you also have a responsibility to yourself to make the right choice.

Today, a career in law is one of the best options after the 12th Standard, considering the many opportunities that it offers. The emergence of the National Law Schools, with their world-class education and their national and international campus placements each year, bear testimony to this fact.

Law has emerged as a highly lucrative and dynamic career option in modern times, with a multitude of opportunities available, especially in law firms and new-age legal roles. The legal profession has evolved beyond traditional courtroom practice, and lawyers now play crucial roles in diverse fields, including corporate law, intellectual property law, technology law, environmental law, and more. Law firms offer attractive compensation packages, opportunities for career advancement, and exposure to a wide range of legal specialties. Legal tech companies leverage technology to enhance legal services, providing opportunities for lawyers to work at the intersection of law and innovation. The Common Law Admission Test (CLAT) has become a gateway for aspiring lawyers to enter some of the most prestigious law schools in India.

What does Law as a career option after 10+2 mean?

The law programme offered by National Law Universities is a 5-Year Integrated Programme offering twin degrees such as BA LLB, BBA LLB, B.Sc. LLB & B.Com. The Rank Booster series, mocks, and sectional tests were of exceptional quality and ensured an all-encompassing preparation. The GK and Legal Current Affairs Compendiums, in particular, helped me a lot. I'm especially grateful for the revision sessions that gave a boost to my last leg of the prep. I thank CLATPREP for helping me polish my weak areas and better my strengths!
